

2ND WCPE
World Conference on Physics Education
São Paulo - Brazil - July 10-15 2016

Summary

Deise Vianna

Federal University of Rio de Janeiro, Brazil

We present the Program of Professional Master in Physics Teaching (PROFIS/MNPEF), with National approach. It is coordinated by Brazilian Physical Society (SBF), which several Higher Education Institutions (IES) take part, it is aimed at elementary and high school teachers. It stands out for the strengthening in Physics, with different teaching methodologies adopted by its Poles. Currently there are three classes (2013,2014 and 2016), in 63 Poles, about 1440 students. In April of 2016, 155 students had already defended the Master's thesis. All the material is available for other teaching professionals. The performance of the teachers reaches more than 1000.000 elementary school students in its 3 years of existence.
